

FlashCut **Easy** 888 M25

SIMPLE, COMPACT AND VERSATILE KNIFE CUTTING SYSTEMS

The FlashCut **Easy 888 M25** represents the best choice to cut footwear and leather goods. Its capability of cutting, marking and punching a wide range of materials, together with flexibility and friendly use, make it the best choice for those who want to automate the cutting process.

HIGH BRIGHTNESS PROJECTORS

High brightness overhead projectors assure clear visualization of any material or color in any environment. Using LED lamps they grant high brightness, stability in power projection, low maintenance and long life.

5- OR 7-TOOL CUTTING HEAD

To satisfy any cutting need, the Easy tables can cut with 5- or 7-tool heads, which can be equipped with a wide range of cutting chucks, marking pen and 3 or 5 punching tools, adjustable and rotating, with high punching frequency. The powerful Venturi system can be fitted for cutting scraps suction.

PARTITIONED VACUUM SYSTEM

Powerful, partitioned, adjustable vacuum system, to be adapted to any type of material or job and concentrated where needed. It allows the best fixing during cutting and the highest energy saving at the same time.

ACQUISITION SYSTEMS

The Easy models can be combined with a wide range of off-line leather acquisition systems equipped with digital pen for quality areas marking (VisionPlus models).

TWO CUTTING AREAS

Two independent working areas allow the operator to collect the cut pieces, prepare the next job on one half of the table, while the machine is cutting on the other half, thus saving manpower.
